Experience

Research Assistant **Catholic University of El Salvador** **03/2022 - 05/2022**

- Faculty of Business Sciences, worked closely with the research coordinator to support the successful implementation of an intern business program.
- Designed and distributed surveys to more than 150 students, including professionals, graduates, and second-year master's degree students, to gather data for research purposes.

Education

Associate Developer Exam Node.js **MongoDB University** **06/2023 - Current**

- Becoming MongoDB Certified means reaching the level of expertise expected by MongoDB for its developers. I have been offered a free opportunity to take this \$150 certification exam. Currently, I am pursuing this certification to enhance my MongoDB knowledge and skills.

Data Analytics with R Programming **ACNUR + Coursera** **04/2023 – 05/2023**

- Certification in Data Analytics with R Programming, gaining knowledge and expertise in statistical analysis and visualization techniques.

One Next Education (Scholarship program) **Oracle** **12/2022 – 04/2023**

- Complete training in Java programming, providing a solid foundation and teaching professional techniques such as the use of Spring Framework and the development of REST-based APIs.
- Recognized for dedication and commitment, gained membership in the prestigious Oracle alumni community, Alumni ONE.

Bachelor of Computer System Administration. **Catholic University of El Salvador** **01/2020 – Current**

- Awarded scholarship from SV-Networks – IT Services, a leading company in new and pre-owned IT Hardware, for outstanding academic performance.

Projects

- **FILMVERSE**: Collaboratively built; movie review website with advanced MongoDB queries and Node.js. **(05/2023)**
- **HACK-ELE**: Website for registering hackathons, implementing Nodejs, EJS, MongoDB, and MVC architecture. **(03/2023)**
- **GASOEXPRESS**: Developed an Android application, allowing users to register and save their favorite gas stations. Implemented using Java and Android Studio, integrated with Google Maps API for location services and mapping functionalities. **(11/2022)**

Awards and others

- **Oracle OCI Hackathon - 2022**: Awarded access to Oracle University digital training. **(07/2022)**
- **ACNUR**: Awarded for successfully completing a project to help on socioeconomic analysis using the Multiple Purpose Household Survey of El Salvador.
- **GitHub**: Developer Program member.
